MOLÍ DE LA RIERA

LOCATION

The Molí de la Riera lodge is located on the outskirts of Sant Pere de Torelló, a small village in the plain of Vic within the province of Barcelona. The house is located in a rural environment surrounded by woods and riverside vegetation.

A stone's throw away is the river Ges, which in the past used to run the hydraulic flour mill that gave the house its name. The river is shallow, and the water is clear and calm, which invites you to swim in it in summer.

FACILITIES

The house has been refurbished and the facilities are safe and modern. In addition, the house has large areas to carry out any type of activities: swimming pool, football field, basketball court, woods area with a hill, wide area with shade in front of the river and various multipurpose rooms.

EXCURSIONS

During the camps, we will carry out all kinds of different activities that follow the camp's theme. Additionally, there will be workshops, water games, night games, and activities to improve English, among others. And, of course, we'll go on excursions!

This year we'll once again enjoy a whole day in the Sant Ponç reservoir, whose surroundings are unrivalled. There we will try to keep our balance on the huge paddle surf boards. We will also have to be skilful and not fall off the Banana Bus, a banana-shaped inflatable boat dragged at high speed through the water. An incredibly exciting experience! And to make the most of the magnificent surroundings of the Molí de la Riera, we'll on an expedition to the river fitting for only the most fearless explorers where we will find natural slides!

SPECIAL ACTIVITIES

- Short trip to the river:
 - o Natural slides.
- Excursion to the Sant Ponç reservoir:
 - o Banana bus.
 - o Paddle surfing.
